INDEX TO VOLUME XLV

Amoss, Harold L. and Eleanor A. Bliss, The effect upon haemolytic streptococci of cultivating them in immune and normal serum 361
Amylase concentration in normal urine 105

Bliss, Eleanor A. and Harold L. Amoss, The effect upon haemolytic streptococci of cultivating them in immune and normal serum 361
Blood cells, Studies on the living, of the newborn 75
Book reviews 117, 189, 264, 331
Bundle branch block, A case of, confirmed by pathological study 40

Diphtheria, The circulatory failure of 276

Electrical resistance, Nervous control of the, of the skin 56

Ferree, C. E., G. Rand and M. M. Monroe, Errors of refraction, age and sex in relation to the size of the form field and preliminary data for a diagnostic scale 295
Finkelstein, Harold, and Walter Brem Mayer, Amylase concentration in normal urine 105
Flinn, F. B. and S. M. Seidlin, Parathormone in the treatment of "Radium Poisoning." A preliminary report 269
Forkner, Claude E., Studies on the living blood cells of the newborn 75
Friedenwald, Jonas S., Report of a case of herpes zoster ophthalmicus treated with convalescent serum 103
Friedenwald, Harry, and Jonas S. Friedenwald, The retinal blood vessels in hypertension and arteriosclerosis 232

Ginsberg, Leon, Sarcoid of Boeck in negro 108
Goitre, Studies in the reactions of simple, to iodine 215
Guttmacher, Manfred S., John Hunter, his enemies and his friends 15

Herpes zoster ophthalmicus, Report of a case of, treated with convalescent serum ... 103
Hunter, John, his enemies and his friends 15
Hypophyseal tumor, A case of, with associated tumor-like enlargement of the parathyroids and islands of Langerhans 1

Ileum, The bacterial flora and hydrogen-ion concentration of the lower human, the effect of lactose and acidophilus milk administration; and the possible relationship of ileal flora to chronic ulcerative colitis 315

Lloyd, Putnam C., A case of hypophyseal tumor with associated tumor-like enlargement of the parathyroids and islands of Langerhans 1

Longcope, W. T., The pathogenesis of glomerular nephritis..... 335

Machida, Kenji, Observations on the degeneration and regeneration of post-ganglionic nerve fibers..... 247
Malta fever in the United States..... 133
Marshall, E. K., The aglomerular kidney of the toadfish (Opsanus tau)..... 95
Mayer, Walter Brem, and Harold Finkelstein, Amylase concentration in normal urine..... 105
McGraw, Theodore A., Operations on the thyroid gland..... 172
Medical education, Some tenets of..... 203
Medical Society, Programs of the, of Johns Hopkins Hospital..... 116
Monroe, M. M., C. E. Ferree and G. Rand, Errors of refraction, age and sex in relation to the size of the form field and preliminary data for a diagnostic scale. 295

Nephritis, Chronic, following eclampsia..... 176
Nephritis, glomerular, The pathogensis of..... 335
Noel, William W. and Francis F. Schwentker, The circulatory failure of diphtheria. 276

Paulson, Moses, The bacterial flora and hydrogen-ion concentration of the lower human ileum; the effect of lactose and acidophilus milk administration; and the possible relationship of ileal flora to chronic ulcerative colitis..... 315
Peckham, C. H., Chronic nephritis following eclampsia..... 176
Post-ganglionic nerve fibers, Observations on the degeneration and regeneration of.. 247

"Radium Poisoning," Parathormone in the treatment of..... 269
Rand, G., C. E. Ferree and M. M. Monroe, Errors of refraction, age and sex in relation to the size of the form field and preliminary data for a diagnostic scale. 295
Reflexes, A study of, in the deafferented leg of the cat and their relation to tonus... 371
Refraction, Errors of, age and sex in relation to the size of the form field and preliminary data for a diagnostic scale..... 295
Retinal blood vessels, The, in hypertension and arteriosclerosis..... 232
Richter, Curt P., Nervous control of the electrical resistance of the skin..... 56

Sarcoid of Boeck in the negro..... 108
Schwentker, Francis F. and William W. Noel, The circulatory failure of diphtheria. 276
Seidlin, S. M. and F. B. Flinn, Parathormone in the treatment of "Radium poisoning." A preliminary report..... 269
Sprong, Wilbur L., A study of reflexes in the deafferented leg of the cat and their relation to tonus..... 371
Streptococci, haemolytic, The effect upon, of cultivating them in immune and normal serum..... 361

Taussig, Helen B., A case of bundle branch block confirmed by pathological study.. 40
Thyroid gland, Operations on the..... 172

Wainwright, Chas. W., Malta fever in the United States..... 133
Webster, Bruce, Studies in the reactions of simple goitre to iodine..... 215
Weed, Lewis H., Some tenets of medical education..... 203
